

# Best Practices for Using *Bible in 90 Days Plus* in Your Church

## Bible in 90 Days Plus (B90+) Program Overview

- What** *Bible in 90 Days Plus (B90+)* is specifically designed to motivate, encourage and assist individuals and small groups to read through the entire Bible from cover-to-cover in just 90 days. Building upon the highly successful *Bible in 90 Days (B90)* program, it provides a daily, brief Biblical commentary, supplemented by short summary videos and audio voice-overs.
- Why** While the value of daily Bible reading is almost universally recognized, few Christians actually do so—even fewer have read the whole Bible. B90+'s simple, innovative, and proven approach to reading God's Word will help you be successful in reading through the entire Bible, **and** glean essential insights along the way. Engaging in this program as a church can build community, foster spiritual growth, and bring in new members.
- Who** B90+ is appropriate for believers and non-believers alike. Everyone who makes the commitment to read around 12 pages a day will greatly benefit from the experience. *It is life changing!* Those who find this pace too challenging have the option of reading just 12 minutes a day by focusing on a selected overview chapter from the larger reading. Truly anyone can do this!
- Where** Since B90+ is delivered electronically and available on desktops, laptops, tablets, and mobile phones, it can be accessed virtually everywhere. The daily Bible readings can be done on either printed or electronic Bibles, on a specific device or online. B90+ is designed to be used anywhere!
- How** Individual participants simply subscribe to B90+ online. While there, check out the two examples of the daily commentaries. There is a modest fee of \$19.90 to subscribe to B90+ which provides future access to the program as well. [Subscribe to B90+](#)
- A nation-wide roll-out of B90+ is scheduled for September 12, 2021. By having a large group do this together, the SA staff can provide weekly interactive teaching sessions for participants. However, you can choose your own start date anytime, even today. Now is the perfect time to get on-board and sign-up to participate as individuals, in small groups, or as whole church congregations.

## B90 and B90+ Program Integration

B90+ is a perfect companion for those already using the traditional B90 Bible, guides, videos, and other resources provided for an excellent small group experience. B90+ can also be used as a stand-alone product to coach you through your read through the Bible:

- 1. Basic B90+.** As with B90, individuals can subscribe to B90+ at Scripture Awakening and receive the materials to their e-mail address. Participating churches help to publicize the campaign and provide encouragement along the way.
- 2. Basic B90+ with reading Bible.** A B90 softcover NIV Bible is available for purchase at Scripture Awakening. This Bible has the start and ending pages for each day's readings clearly identified. Those who use this Bible enjoy a much higher success rate in completing all the readings. [B90 NIV Bible](#)
- 3. Fully Integrated B90+ and B90.** B90+ and B90 are completely complementary programs. B90 is designed to be used by small groups who complete the daily Bible readings and then meet weekly to watch a summary video (about 20 minutes in length) taught by skilled Bible teachers. Course materials include leader and participant guides, and DVD videos. Those who use the full B90 program will find the B90+ daily emails to be a wonderful overlay and encouragement as they read. ## Suggestions for Launching B90+ (and/or B90) Churchwide

- 1. Chose a contact person** from your church and inform Scripture Awakening's [resource consultant](#), who is available to provide support.
- 2. Pick the date** you wish to launch a group, a broader Christian Education program, or the entire church in a read of the Bible in 90 Days. You can start on any date, but if you are targeting the Fall, consider starting on **September 21, 2021**, when we will initiate a national launch focus with some enhancements. Or bring a team of leaders through the B90+ overview mode now, (just 12 minutes a day), preparing them to lead small groups as the whole church engages in a read of the Bible this fall, or in early 2022.
- 3. Advertise in advance** to maximize involvement. Free resources to assist you with advertising, programing, including a reading schedule, and more, can be found [here](#).
- 4. Appoint a team leader** for your church, and if you plan to have more than one group, assign a team leader to each group. This will help to ensure good success in your B90+ program. The role of the team leader can be found on the next page. Be sure to send us the contact information for that leader so that we can keep him or her informed of the latest developments.
- 5. Consider offering B90+ on a semi-regular basis** for those in the church who wish to repeat and for new members.
