

Best Practices for Using *Bible in 90 Days Plus* in Your Church

Bible in 90 Days Plus (B90+) Program Overview

What *Bible in 90 Days Plus (B90+)* is specifically designed to motivate, encourage and assist individuals and small groups to read through the entire Bible from cover-to-cover in just 90 days. Building upon the highly successful *Bible in 90 Days (B90)* program, it provides daily, brief Biblical commentaries. And we have just put the finishing touches on our new **B90+ Digital Bundle**, which includes **B90+**, the new **B90+ GuideBook**, and **The Essential Snapshot** videos.

Why While the value of daily Bible reading is almost universally recognized, few Christians actually do so—even fewer have read the whole Bible. B90+'s simple, innovative, and proven approach to reading God's Word. It will help you be successful in reading through the entire Bible, **and** glean essential insights along the way. Engaging a whole church in B90 will build community, foster spiritual growth, and can bring in new members.

Who B90+ is appropriate for believers and non-believers alike. Anyone who makes the commitment to read around 12 pages a day will greatly benefit from the experience. *It's life changing!* Those who find reading 12 pages is too much can now choose reading just 12 minutes a day. B90+ gives you the option of reading just one overview chapter from the larger reading. Truly anyone can do this!

Where Since B90+ is delivered electronically and available on desktops, laptops, tablets, and mobile phones, it can be accessed virtually everywhere. The daily Bible readings can be done on either printed or electronic Bibles, on a specific device or online. We designed B90+ to be used anywhere!

How Individual participants may subscribe to B90+ online. While there, check out the two B90+ samples of the daily commentaries. There is no cost to subscribe to B90+. [Subscribe to B90+](#)

By having a large group do B90+ together, the SA staff can provide weekly interactive teaching sessions for participants. You may choose your own start date anytime, even today. Now is the great time to get on-board and sign-up to participate as individuals, in small groups, or as whole-church congregations. Be sure to review our instruction web page [Doing B90+ in a Small Group](#).

B90 / B90+ Program Integration

B90+ is a perfect companion for those already using the traditional B90 Bible, guides, videos, and other resources provided for an excellent small group experience. B90+ can also be used as a stand-alone product to coach you through your read through the Bible:

- 1. B90 (traditional) with reading Bible.** A B90 softcover NIV Bible is available for purchase at Scripture Awakening. This Bible has start and ending pages for each day's readings clearly identified. Those who use this Bible enjoy a much higher success rate in completing all the readings. [B90 NIV Bible](#)
- 2. B90+ (digital).** As with B90, individuals can subscribe to B90+ at Scripture Awakening and receive the B90 series directly into their email inbox. Participating churches help to publicize the campaign and provide encouragement along the way.
- 3. Integrating B90 and B90+**
 - a. B90 (traditional)** is designed to be used by small groups who complete the daily Bible readings and then meet weekly to watch a summary video (about 20 minutes). Course materials include Participant's and Leader's Guides and DVD videos. [B90 Bundle](#)
 - b. B90+ (digital)** provides daily emails which feature a brief video summary, coaching tips, a choice between reading the full 12 pages a day, or a single overview chapter, a brief commentary, and a closing application challenge. B90+ also has it's own B90+ GuideBook and corresponding Essential Snapshot weekly video teachings. [B90+ Digital Bundle](#)

Suggestions for Launching B90 / B90+ Church-wide

- 1. Chose a contact person** from your church and inform Scripture Awakening's [resource consultant](#), who is available to provide support.
- 2. Pick the date** you wish to launch a group, a broader Christian education program, or the entire church to read through Bible in 90 Days. We suggest taking a team of leaders through the B90+ overview mode now, (just 12 minutes a day), preparing them to lead small groups as the whole church engages in a read of the Bible any time you choose.
- 3. Advertise in advance** to maximize involvement. Free resources to assist you with advertising, programing, including a reading schedule, and more, can be found [here](#).
- 4. Appoint a team leader** for your church, and if you plan to have more than one group, assign a team leader to each group. This will help to ensure good success in your B90+ program. The role of the team leader can be found on the next page. Be sure to send us the contact information for that leader so that we can keep him or her informed of the latest developments.
- 5. Consider offering B90 or B90+ on a semi-regular basis** for those in the church who wish to repeat and for new members.
