Understanding Revelation

Many Christians believe we are in the end times, nearing those final years of the world as we know it. Might that be true? And if so, how can we be prepared? Scripture Awakening invites you to engage in a Biblical study of the book of Revelation to look at such matters more fully. We offered this series in the United Kingdom last year and the response was very encouraging. You can read testimonials on the following page.

We are now rolling out this video series to the United States at no charge. Feel free to use it and share it, and most of all, dig in and be enriched by God's Word. Like diamonds on a desert floor, the sparkling promises and principles revealed in this capstone of the Scripture will enrich your life. For example, you have heard of the "mark of the beast." Yet did you know about the much the more important "mark of the Lamb"? This and hundreds of additional insights for your spiritual journey will be revealed in this series, with the goal of helping you to live as a victor in Christ, no matter what challenges come your way.

There is no cost to receive this series. You can download a discussion guide that will enhance your journey through the series, with key questions for reflection to be used personally or with a small group. You will receive a link to each weekly lesson in our e-blasts, beginning on March 21. If you miss an email, you will also have free (limited time) access to the lessons on our website at ScriptureAwakening.com.

So get ready! You can view the series on your own, gather family members or friends, a church group, or home study group to do this series with you. We recommend taking an hour once a week to use a provided discussion guide together, whether in-person or online—because it really *will* enhance your experience. Take a few minutes to view a promotional video [here](#). Or you can listen to a longer introduction to the series through this Beyond Words Radio [podcast](#).

Testimonials for Understanding Revelation

This series was released in the United Kingdom in 2021, and below are testimonial from participants. As we now release this series in the United States, we hope many of you will likewise be deeply inspired by God's Word. When you complete the study, please consider sending in your testimony to inspire yet more people to delve into this critical book of the Bible.

*Please let Bill know how much **his teaching on the Book of Revelation illuminated my understanding of not just Revelation but my study of the Bible as a whole.** I looked forward to his talks each week (and the sound of his gentle voice) as he took us through what could have been quite a difficult study were it not for his insight, his honesty, and willingness to share even some his own vulnerabilities. Throughout his talks, he brought out the hope and promise of blessings that the book contains and I found it so encouraging. —Julie*

***Thank you for your always relatable, insightful, passionate, and loving lessons on Revelation.** Our study has been such a gift to me, and has brought me closer in my relationship to our Lord. I couldn't wait to get to your lessons after our group discussions, and sure enough, every time you related that "gem" that I needed to seal God's Word into my heart. I have more hope and joy than ever before, and am so pleased that you helped me to hear the words of the prophecy and take it to heart. Thank you for sharing your gift with us. —Kathleen Wagner*

*Thank you so very much for your inspiring lessons on Revelation. I had not ever read or done a study of Revelation; in fact, I had avoided it for many years. Your calm but passionate voice calmed by fears as I read through the dark parts. **You brought clarity with the simple breakdown and organized presentations.** I loved your anecdotes about your own life and real-world examples, such as the potter's wheel or mining for diamonds, that helped me take the ancient*

Scripture and relate it to things in my world. I can only begin to imagine the time that has gone into this from preparation to presentation! Thank you! —Charlene Callahan

*Thank you so much for the **remarkable series of talks on Revelation. They were all without exception uplifting, and a wonderful encouragement** to all of us. I learned a lot, especially the main message of what the future holds for those who believe in Jesus. Bill should transcribe his talks and to publish them as a book. I will definitely buy a copy. —James*

*I've loved the faith and love of Jesus that shines through Bill's face, and the gentle love, and strength of conviction and faith in his voice. I like to think that those are probably the qualities we'd have heard in Jesus' voice too...and these qualities can only come genuinely from the heart. Please do thank him for **his commitment to lead us right through what many shun as a very difficult book** and not just a one-off, but over so many months. —Janie*

*What an amazing study of revelation you blessed us with. We are so privileged to have you teach it to us. I have to say that I had many teaching about it. **But you taught us about the essence of this book and that is God's love and plans of His heart for us.** We have an amazing future ahead of us and heaven is glorious we do not have to fear death when it comes—we are going to a better place. Thank you so much for all your hard work. God bless you a lot. —Naima*

*Bill's lectures on Revelation were amazing. **Sometimes when we finished the study I was left feeling a bit heavy, but his talks always left me feeling light and enriched.** He has a wonderful presentation style and keeps you engrossed in the whole half-hour (it could have been longer). Please thank him—so helpful. —Susan Shriver*

Please Pray For...

- God to use our upcoming Revelation series to bring peace and wisdom and boldness into the hearts and lives of believers.
- the Ukrainian refugees to have their needs met, and for hostilities to cease. Pray for God's Word to expand internationally through this crisis.
- Russia to experience an awakening in their churches and a kingdom advance despite and even through their times of difficulty.
- the Lord to break the log-jam of essential items that need to be shipped, especially for food to those in need and Bibles for the feeding of the soul. Please pray that if we ever do run out of hard-copy Bibles, our online resources will continue to function and reach many.
- the various churches and small groups around the world that are reading Bible in 90 Days or using other Biblical resources. Ask God to open the eyes of the hearts of those who are studying!
- Scripture Awakening's board, staff, and our volunteers to have wisdom and strength to do their work well, as unto the Lord. Plead for God's protection over us in this time of societal upheaval.
- the meetings focused on prayer and awakening occurring in Western North Carolina, where Scripture Awakening has their main office. Ask God to spawn an awakening nationwide for God's kingdom advance.
- the United States government and leaders on all levels to put God first and to exercise their offices in truth and justice, bringing peace and Gospel advance throughout the land. Ask God to bring the message of life to people everywhere and for God's Bride to be well-equipped for the difficulties she will face as she follows Jesus.
